

Party with a Purpose

Change the world from inside your own living room

You can play a significant role in the development of a new SIGN program by throwing a fund-raising party and invite your family and friends to join the cause.

There are numerous ways to host an effective fund-raising party. The party could be a potluck, which saves you the trouble of having to serve dinner for all your guests. Make it fun by having a theme – perhaps each guest brings a traditional dish from a country served by SIGN. For tips on hosting an Around-the-World potluck party, check out:

- <http://www.celebrations.com/article/Potluck-Dinner-Style>

Here are some helpful tips:

- Include literature about SIGN for your guests. We would be happy to provide newsletters and brochures to pass out. For more in-depth information, we could provide a DVD that tells the story and mission of SIGN that you and your guests can watch during the party. To receive SIGN literature or a DVD, contact Jennifer at jennifer@sign-post.org
- Invitations play an important role in any party, particularly a fund-raising party. Feel free to use the invitation found at the link below, or create your own. The invitation should clearly state the goal of the gathering – to collectively raise money to support SIGN.

- If you want to invite guests beyond family and friends, post a flyer at your workplace or around town. No need to go to the trouble of making your own flyer. Just click on the link below and print out a flyer we've created.

There are several projects that could be supported through a SIGN fund-raising party, including:

- | | |
|--|----------|
| • Funding a slot finder which replaces need for a C-arm | \$150 |
| • Funding one day of surgery | \$500 |
| • Funding one instrument tray | \$900 |
| • Funding one instrument set | \$3,500 |
| • Funding a year's supply of replacement nails and equipment | \$10,000 |
| • Establishing a new SIGN program | \$20,000 |

Use your imagination and remember the idea is to have fun while supporting a worthy cause.

By hosting a fund-raising party, you are not only spreading the word about SIGN, but you are also helping to raise money for vulnerable people who need our help.
